

#53

To the Honorable Mayor and Council Members:

I am opposed to the rezoning at 888 Banister Lane from SF-3 to LO-MU-CO. As a resident of the Galindo Elementary Neighborhood Association I support the current Neighborhood Plan to keep the inner core residential. Commercial development needs to be kept on the perimeter of the neighborhood for the following reasons:

- \*It creates unsafe traffic for pedestrians and bicyclists.
- \*It increases commercial traffic in a residential neighborhood.
- \*It alters the landscape and environment by removing trees and diminishing the aesthetic value.
- \*It promotes vagrancy in empty office buildings left vacant at night and on weekends.

I want the property at 888 Banister Lane to continue to be zoned as residential. Please consider the above and support the citizens of the Galindo Elementary Neighborhood Association.
